Air Force Effectiveness Reported Down Telephone Equipment Workers' Union Strike Starts Slowly

Talks Continue As Deadline For Big Walkout Near

NEW YORK, April 24.—(AP)—Telephone equipment workers went out on strike from coast to coast today, but public phone service was not immediately affected.

Division 6 of the CIO Communication Workers of America predicted all its 10,000 members in the Bell System would be off the job by nightfall in 43 states and the District of Columbia. The walkout was slow in starting, the union said, because of the time zone factor.

Western Electric Co., target of the strike, reported 5,000 out at 11 a. m. (EST) but said it had not heard from the Rocky Mountain or West Coast states.

Meanwhile, company and union spokesmen continued negotiations with a federal mediator.

As the time zone moved west and word was spread to outlying areas, the strike took root. No picket lines were reported, however, so the 230,000 other Bell System employees went to work, assuring continued telephone service.

The strike was against the Western Electric Co., manufacturing and equipment subsidiary of the Bell System, which is a corporation of the American Telephone and Telegraph Co.

Threat of a complete national telephone tieup was postponed, though not eliminated, when the union said it would not picket before President Truman's wage strike ends at midnight Tuesday. The union is striking over a matter which claims is not covered by the treaty.

Possible Clues To Missing Plane Found In Baltic

STOCKHOLM, Sweden, April 24.—Three more possible clues to the fate of the missing U. S. Navy plane—another raft, a radio call sign book and a lettered piece of wood—were found floating in the Baltic over the weekend. The radio book and the unpainted piece of wood stamped with black lettering in English were found Sunday on a Baltic island beach just off the southeast coast of Sweden. The raft was picked up by fishermen Saturday.

Swedish officials said all of these possibly belong to the plane which the United States says was shot down with its crewmen by Russian fighters over the Baltic two weeks ago. A Swedish coast guard official said the raft "looked as if it had been hit by bullets." The radio book was picked up by British freighter last week, all were found near the Swedish coast and some 200 miles away from the Latvian coast where the Russian claim was that an American bomber which had flown over their territory on an "espionage" mission.

The punctured raft was turned over to American authorities for further investigation. The radio book and the piece of wood were to be turned over today.

Legion Breakfast Slated Tuesday

The kick-off breakfast for the workers in the \$20,000 campaign by the American Legion forces here for the missing plane will be held at the Navarro Hotel Tuesday at 7:30 a. m., according to an announcement Monday by Bill Smith, chairman, and Marc Cloud, post commander.

All team members are expected to be present, the Legion leaders stated.

Citizens Asked For Contributions To Cancer Fund; Drive Is Under Way

"Give to Conquer Cancer." The above tells the story in a few words about the educational and fund-raising campaign now under way in most every county of the state, including Navarro, for the purpose of securing money to combat one of man's oldest and most insidious enemies.

The campaign is sponsored by the Texas Division of the American Cancer Society. W. E. McKinney is county chairman.

Bowles Says Rent Controls Saving People Billions

WASHINGTON, April 24.—(AP)—Governor Chester Bowles of Connecticut said today that dropping rent controls would cost the nation's tenants \$1,500,000,000 a year. They would have that much less money to spend for basic necessities like food and clothing, he said.

In testimony prepared for a hearing of the Senate Banking Committee, the Connecticut Democrat called decontrol "extremely unwise and actually dangerous." He predicted "rapid and substantial rent increases" would hit the 11,000,000 families he said controls now protect.

Bowles came here as Democratic leaders asked a score of governors and big city mayors for help in pushing an extension of federal housing aid through a reluctant Congress. As the committee opened five days of hearings on the controversial issue, telegrams went to the White House.

Home Building Creating Demand For Other Goods

WASHINGTON, April 24.—(AP)—The government reported today that the home building industry is creating demand for other products.

The Bureau of Labor statistics said that this is not only boosting employment in the construction industry but also "creating secondary demand in furniture, household appliances, television, building materials, and a host of related industries."

This is buoying the employment situation in the industry.

The bureau's comments accompanied a report saying that industrial and commercial employment increased by 636,000 between mid-February and mid-March.

Half of the increase resulted from settlement of the coal strike, but the "gain reflected a continued improvement in the nation's employment that first became evident at the start of the year," the bureau said.

Industrial and commercial employment in March was 42,323,000, about 600,000 less than in March a year ago. While March showed an employment gain, it is still behind last year.

Florida House Leader Killed In Own Law Office

ST. PETERSBURG, Fla., April 24.—(AP)—Rep. J. Schuh, a floor leader in the 1949 Florida house of representatives for the forces of Gov. Fuller Warren, was shot and killed here today and a 71-year-old St. Petersburg man confessed to the murder.

Detective Chief John S. Siers said that Charles Gifford, a meat-cutter, said he killed Schuh because of "rotten politics."

"I will sign a confession. I want to go before a judge and plead guilty—no trial, no anything," Siers noted Gifford as saying.

Siers said the assailant was identified as Gifford from police files after he had earlier given his name as Charles Ross of Bay City, Texas.

Schuh, shot five times, died in his office before help could reach him. Gifford was seized by an associate of Schuh's in the anteroom of the law office. Police found a revolver on Gifford's person.

Schuh's father, who heads the father-son law firm, said Gifford had called on his son around April 20. At that time Gifford had told Schuh's secretary that he wanted to discuss a "personal matter" with the lawyer.

He returned again this morning, the father told police, and shooting occurred shortly after he entered the office.

AEC Building At Berkeley Razed By Night Blaze

BERKELEY, Calif., April 24.—(AP)—Fire, accompanied by a series of minor explosions, destroyed the Atomic Energy Commission's Administration building here Sunday night.

AEC officials declined to answer such questions as (1) whether any irreplaceable scientific data was lost, (2) what the building contained, or (3) how great was the loss in dollar value.

Brilliant flames shot high from the two-story frame building, attracting thousands—including scientists intent on saving notes on experiments. At least one scientist was injured from entering because of the danger.

Quickly posted security guards prevented anyone entering the AEC-cyclotron area, which is enclosed by a high concrete fence. The University of California's giant \$9,000,000 cyclotron, in a concrete building 100 yards away, was not damaged.

Officials gave out no news whatsoever. However, one commented "it was an intense fire with tremendous heat and many sparks and conceivably could have set off a catastrophic fire."

The AEC building housed a "maze of apparatus." A fireman reported he saw drafting tables, a laboratory and a big vault.

The fire started at 10:45 p. m. (1:45 a. m. EST.)

Britain Proposes That U. S. Assume More Of Debts

WASHINGTON, April 24.—(AP)—The British government has proposed the United States take over a big share of Britain's economic burden in India, Pakistan and Southeast Asia.

The British plan would call for the United States to pay off in dollars to such countries as India and Pakistan part of Britain's \$9,000,000,000 wartime debt to sterling bloc countries.

The main idea behind the suggested program is to help non-Communist countries in Asia fight off Communism while at the same time ease the huge debt which is jeopardizing Britain's comeback.

The British memorandum stems from last fall's American-British-Canadian dollar crisis talks. At that time, it was decided to examine the sterling debt and other economic problems to determine what steps could be taken.

The United States long has been urging Britain to get its creditors to agree to scale down these debts. But the countries like India which need financial aid have resisted this.

Informed officials said the British paper is the first concrete proposal of what might be done even though it is highly tentative and intended mainly for discussion.

Government Asks Delay in Rail Strike

WASHINGTON, April 24.—(AP)—The government today asked a two-week postponement on the strike set for Wednesday on several major railroads.

Francis A. O'Neill, Jr., chairman of the National Mediation Board, made the request in a telegram to David B. Robertson, president of the strike-threatening Brotherhood of Locomotive Firemen and Engineers.

O'Neill offered the board's "services" during the proposed two-week truce period to settle the dispute at issue—the union's demand for assignment of a second fireman to Diesel locomotives.

The government request for the strike postponement came at a time when the four major railroads to be affected were curtailing services in anticipation of the walk-out.

The strike is set for 6 a. m., local time, Wednesday, on parts of the Pennsylvania System, New York Central, Southern Railway and the Atchafalaya, Topeka and Santa Fe.

O'Neill said Robertson and his

Acquittal Asked For Maragon As Evidence Ended

WASHINGTON, April 24.—(AP)—The government finished presenting its perjury case against John Maragon today and the defense immediately asked a "judgment of acquittal" for the one-time frequent-flyer of the White House.

Maragon's lawyer, Irvin Goldstein, said he was arguing that Federal Judge Jennings Bailey should order his client acquitted when court recessed for lunch.

The government abandoned one of four charges that Maragon lied to senate investigators last year about his business and financial affairs. It dropped an accusation that he perjured himself in saying that he lost his job from his mother-in-law last year was a loan.

The mother-in-law is ill and could not be brought here to testify.

Closed Session In McCarthy Case Slated Tuesday

WASHINGTON, April 24.—(AP)—Senators investigating charges of Communism in the state department decided today to call Senator McCarthy, Owen J. Lattimore and Louis Budenz into a closed door session Tuesday.

They also ordered an inquiry into the Amerasia case of 1945 and a check-up on the state department's security division.

The senate group mapped plans for the future of the investigation amid signs that the administration was going all out in its reply to the charges from McCarthy, Wisconsin Republican, that the state department harbors Reds and their sympathizers.

There were reports that President Truman would give something more to say about the charges in a radio broadcast tonight. He already has called McCarthy one of the Kremlin's biggest assets.

Over the week-end, Secretary of State Acheson hit at the charges as "mad and vicious."

Acheson's sharp criticism of McCarthy was in an off-the-record speech he made Saturday night before the American Society of Newspaper Editors. Part of it was made public by the state department.

The secretary did not name McCarthy but everyone knew he was talking about him.

The right way to try to find subversives in the state department, Acheson said, is through the "loyalty program set up by his pre-

Catholic Priest Refuses To Take Oath As Bishop

VIENNA, Austria, April 24.—(AP)—A Roman Catholic Priest cried he was "unworthy" Sunday and abruptly walked out on church services at which he was to be elevated to the rank of Bishop.

Thousands of spectators, including Austrian Chancellor (Premier) Leopold Figl, watched as Msgr. Franz Jachym stopped short before the altar of St. Stephen's Church and declined to take the oath.

Already drawn in the robes of a bishop, the 40-year-old priest told Theodor Cardinal Innitzer he felt himself unworthy for the high office.

As bewildered church officials looked on, Jachym refused to revoke the decision. Msgr. Jachym strode from the church without further explanation.

Cardinal Innitzer, head of the Roman Catholic Church in Austria, commented after the service he was at an "absolute loss for an explanation of Dr. Jachym's strange behavior."

Other Austrian officials, however, recalled Msgr. Jachym's pale appearance and were inclined to attribute his action to overwrought nerves. Msgr. Karl Dorr, pastor of St. Stephen's, said "he is just to honor the decision of a brave and humble conscience."

Msgr. Dorr recalled that Saint Ambrose and Saint Gregory had resisted the appointment as bishops of the church because of their humility and added:

"This office, especially in the present time, burdens the one who holds it with a responsibility that at the decisive moment Dr. Jachym did not consider himself up to the task. Nobody but the Lord knows what is happening in a person's soul at such a moment."

Texas Shrimping Boats and Crews Seized By Mexico

MEXICO CITY, April 24.—(AP)—The port captain at Tampico said five Texas shrimping boats and their crews, brought there today probably would be released in two or three days.

Capt. Jorge Aguirre Ortiz said by telephone the usual procedure in such cases is to confiscate the catch and fine the crews for fishing in Mexican territorial waters.

The port captain said the Mexican gunboat Uribe found the boats fishing about five and one-half miles off the Mexican coast early Sunday. Mexican claims its territorial waters extended nine miles from the coast.

The gunboat brought the shrimpers into Tampico harbor this morning. The crews were landed at the government pier and held for investigation. Captain Aguirre Ortiz said he did not know how many they were.

The U. S. embassy was investigating the seizure. Consul Edwin Selbert in Tampico conferred with Mexican authorities there. His report was expected this afternoon.

NEW LEVY PROPOSED WASHINGTON, April 24.—(AP)—Rep. Eberhardt (D-Pa.) today proposed a \$1,000,000,000 "excess profits" tax on corporations, natural or artificial, during wartime.

He called it a proposal for "skimming just a little of the thickest cream" from corporation profits.

House Approves Expansion Of VA Hospital Program

WASHINGTON, April 24.—(AP)—The house today voted a \$279,000,000 expansion of the Veterans' Hospital program. It passed and sent to the senate, by voice vote, a bill directing the Veterans' Administration to proceed with construction of 24 new hospitals and expansion of 14 others.

In effect, this restores a 16,000-bed cut in the hospital program which President Truman had ordered in 1948.

There was only an hour of debate, during which Rep. Davis (R-Wisc.) called the bill a "political gesture" and predicted that Truman would veto it.

Chairman Rankin (D-Miss.) of the Veterans Affairs committee, author of the bill, denied that. He said it was intended to help needy veterans.

The bill does not appropriate any money for the work. It merely directs VA to go ahead on the projects. Separate legislation providing the money will be required later.

Nobody asked for a roll-call vote on which the members would have been required to go on record.

Before passing the bill, the house amended it to require VA to make a survey of abandoned army and navy hospitals to see if they could be used for veterans.

Supreme Court Reverses Dallas Negro Conviction

WASHINGTON, April 24.—(AP)—The Supreme Court today threw out the murder conviction and death sentence of a Texas negro who complained that only white men were on the grand jury which indicted him.

The negro, Lee Cassell, was convicted of crushing the skull of a sleeping watchman with a piece of pipe in order to rob a store in Dallas.

The Supreme Court by a 7-1 vote found there had been discrimination against negroes in the selection of grand jurors and thus held the indictment against Cassell invalid.

The court did not bar a new indictment so Texas can present the case to a new grand jury if it wishes.

Suspension or Disbarment of Lawyers Proposed When Guilty of Contempt

WASHINGTON, April 24.—(AP)—Solicitor General Philip B. Perlman suggested today that disbarment or suspension from practice might be a fit penalty for lawyers found guilty of contempt in the federal courts.

Perlman discussed the idea in an address prepared for the 1950 convention of the Federal Bar Association in Chicago.

He mentioned no names. However, his suggestion followed recent guilty verdicts against defense attorneys in the Harry Bridges case at San Francisco and in the trial of Communist party leaders in New York City.

Bridges was convicted of lying when he said he was never a Communist. The 11 party leaders were found guilty of conspiracy to advocate the forcible overthrow of the United States government.

"I've been urging the passage of legislation," Perlman said, "authorizing the Supreme Court to adopt a code of ethics applicable to lawyers engaged in litigation in all of the federal courts."

BUDGET FUNDS TERMED SHORT FOR 48 UNITS

Fineletter Assumes Secretary's Duties; Other Reports Made

WASHINGTON, April 24.—(AP)—W. Stuart Symington, retiring secretary of the air force, said today the combat effectiveness of the air force has decreased in the last six months.

He told news conference the drop in effectiveness is a result of cuts in numbers. He said the forces remaining have increased in efficiency.

Shortly after the conference, Thomas K. Finletter, a long time champion of a larger air force, was sworn in as secretary of the air force. Finletter is a New York lawyer who has been in government service for the last several years. Secretary Johnson administered the oath of office.

Symington's estimate came on the heels of a series of reports from the armed services to congress. These reports told of cutbacks as economy moves, but indicated no concern over present "strength."

Secretary of Defense Johnson acted in his report that the United States now has weapons which "surpass in destructive power" any arms previously known.

Symington held his news conference just before leaving the air force post to become chairman of the National Security Resources board.

He repeated a statement he has made before—that he believes a 70-group air force is essential to the military security of the country.

In his written report to congress, he had said the proposed defense budget for the 12 months beginning July 1 won't keep up even a 48-group air force.

But Symington told the reporters the air force recognizes the country could be defeated by economic disaster as well as military defeat.

Berlin Seizure Believed Reds' Major Objective

BY JOHN M. HIGHTOWER WASHINGTON, April 24.—(AP)—The highest U. S. officials believe the Russians will try again next month to drive the western occupation powers out of Berlin.

They say the conflict in the form of an invasion of the city's western zones by a half-million German Communist youths, will be resisted to the limit, including the use of machine gun fire if necessary.

Preparations to resist the threatened Putsch on May 27-29 are being made by American, British and French authorities in Germany. A high government source here said the west will not yield an inch if the young Communists stick to the marching plans. They have made no conflicting statements as to their intentions.

President Truman and Secretary of State Acheson look to the prospective Berlin incident, responsible for the Soviet ultimatum, as the focal point of the present Russian spring offensive in the cold war.

They regard the maneuver as a Soviet Communist attempt to capture the city by intimidation—by threatening the west Berliners with a massive, Hitler-like show of force to demonstrate that the western powers are unable to protect their zone.

In Acheson's view, the Soviet's Berlin plan apparently is part of a broad pattern of Kremlin-directed moves to create new tensions and fears of war in the west and thus force the western nations into negotiations and new concessions to Russia.

Another place in this pattern, as Acheson reportedly sees it, includes the recent Baltic plane affair in which Russian fighters allegedly shot down an unarmed U. S. Navy patrol bomber over the open waters of the Baltic area.

That the United States has no intention of yielding to Russian pressure is a new grand jury if it wishes.

sure was made clear by Acheson in a speech here Saturday night to the American Society of Newspaper Editors. There cannot even be an approach to an east-west agreement, he said, "unless one idea is done away with and that is the idea of aggression."

He defined aggression as meaning "not only military attack but propaganda warfare and the secret undermining of free countries from within."

Acheson's speech was the latest of a series by him which adds up to a campaign to get the American people to join in a total effort to win the cold war. He said such a vast undertaking requires economic and political action on a world scale and the development of the defenses of the free world "wisely and prudently."

But above all, he said, it requires that the American people demonstrate that their own "faith in freedom is a burning and a fighting faith."

"We are children of freedom," he said. "We cannot be safe except in an environment of freedom."

At the same time, he declared, "we are faced with a challenge and a threat to the very basis of our civilization and to the very safety of the free world, the only kind of world in which that civilization can exist."

In trying to wreck western civilization the Russians have several objectives, Acheson said. He declared that one is to "confuse and divide" the American people so that they can resist neither

aster. He said he therefore supports President Truman's 48-group program without any reservation whatever.

In response to a question, he said he has no opinion as to how large an air force he country can afford economically.

He added: "I don't see how you're going to balance the budget if you face up to the international situation."

Symington said he thinks a balanced budget may become possible if differences between the U. S. and Russia are ironed out, but that he does not see how it can be done under present conditions.

In response to another question, he said that the allocation of manpower is perhaps the most important problem faced by the national security resources board.

Symington said he thinks the board has stand-by mobilization legislation in "pretty good shape." Asked about presenting such legislation to congress, he said:

"I think the sooner that's done the better."

One of the questions congress is now considering is whether the administration's \$13,000,000,000 defense budget should be increased to provide more money for air force and navy plane purchases.

Defense Secretary Johnson ordered the joint chiefs of staff to re-study this question after Gen. Dwight D. Eisenhower told a congressional committee recently that he believes \$500,000,000 "at the outside" should be added for aircraft purchases and strengthening of Alaskan defenses.

The joint chiefs have reported to Johnson and are scheduled to discuss the problem with the house armed services committee on Thursday of this week.

In a week-end report on the state of the nation's defenses, Johnson declared that this country leads the world in the making of new armaments. He said they "may make the difference between victory and defeat in war."

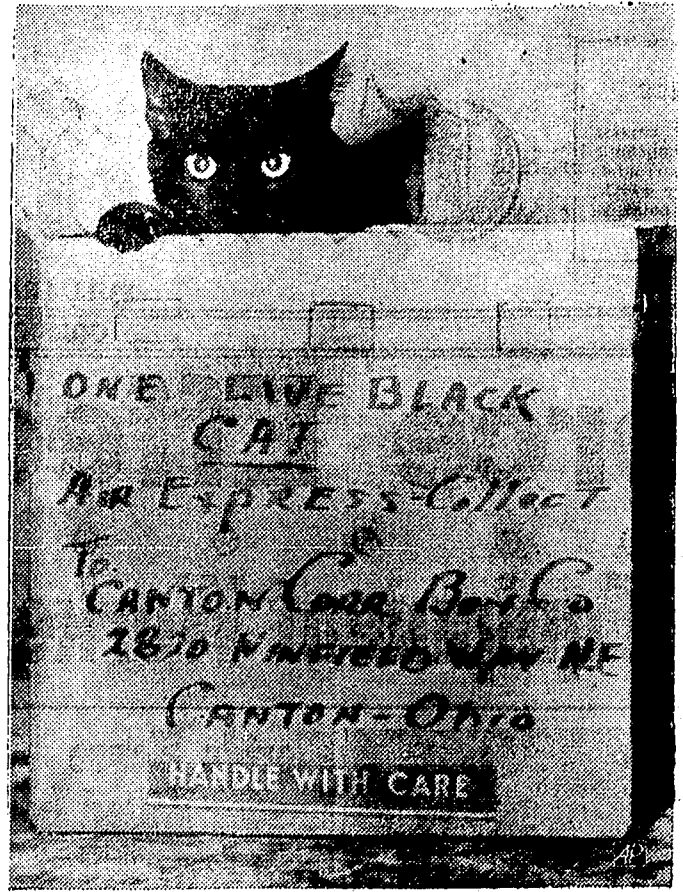

He disclosed in his semi-annual report that the U. S. atomic arsenal no longer consists merely of "a small number of bombs of a single type and size."

Johnson didn't discuss the atomic stockpile further, nor did he say what he referred to in speaking of arms more terrible than the world has ever seen. He did say that the new weapons result from a program which was greatly expanded after Russia set off an atomic explosion last year.

The Soviet explosion "came earlier than expected," Johnson said, forcing this country to step up its timetable for improving its defenses.

Along with Johnson's report were others submitted by the secretaries of the army, navy and air force.

In a report for the navy, Secretary Matthews said the sea arm

decessor, Gen. George C. Marshall.

"The wrong way," Acheson added, "is to smear everybody's reputation; to make charges on the basis that, if one is not right, you try to find another one you hope will stick; try to destroy the confidence of the people in their foreign office and in their government in one of the most critical hours of this nation's history—to do all those things and to make it absolutely certain as a result that under no circumstances could you ever possibly find a spy in the whole place."

"It is as though you said to yourself the best way to find a fire is to ring every fire alarm in the city; not that you know of any fire, but if you get all the apparatus out and have it wheeling around through the city you might find one."

Then Acheson said that "what is going on is much madder and more vicious," and added:

"It reminds me more of that horrible episode in Camden, N. J., which happened not so long ago when a madman came out on the street in the morning with his revolver. With no purpose and no plan as he walked down the street, he just shot people x x x."

"Vicious madness" and "filthy business" were Acheson's words for what "has been going on here." In McCarthy's presence, he told the editors:

"Now I don't ask for your sympathy. I don't ask for your help. You are in a worse situation than I am. I and my associates are only the intended victims of this mad and vicious operation."

"But you, unhappily—you by reason of your calling—are participants. You are unwilling participants, and your position is far more serious than mine."

Acheson said the state department has never been in better shape than it is at present. He described it as an organization of people "which is loyal to those within it, loyal to the President of the United States, and loyal to the United States of America."

small group (landlords) can only result in a sweeping injustice and severe hardship to millions and millions of American families."

Governor Bowles said that home building since 1948 had relieved only one-quarter of the housing shortage that existed then, and had made "no headway at all" toward meeting newly arisen needs.

Feather-bedding scheme of Firemen's Union to put an additional fireman on diesel locomotives has been

CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were

REJECTED TWICE!

Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

FEATHER-BEDDING!

LEADERS of the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman... upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them. They represent that an

extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good..."

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The real reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding." The railroads have no intention of yielding to these wasteful make-work demands.

"The Safety Record of Diesels is Outstandingly Good..."

PRESIDENTIAL FACT FINDING BOARD REPORT
Read these excerpts from official reports of Presidential Fact Finding Boards:

"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation..."

Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders.

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

Corsicana DAR Chairmen Receive National Awards

Two Corsicana DAR chairmen, Mrs. A. B. Horn, state historian, and Mrs. J. Wesley Edens, state chairman, Junior American Citizens, received recognition at the national awards luncheon of the fifty-ninth Continental Congress, Daughters of the American Revolution, in Washington, D. C., on Tuesday.

Mrs. Horn attended the luncheon and received the awards for herself and Mrs. Edens.

Scrapbook Award
Mrs. Horn was awarded fourth place in the national Society on the Texas Historical scrapbook that she had compiled.

Awards received by Mrs. Edens included third place for best net in membership in Junior American Citizenship Clubs; first place, Alexander Love Chapter, Houston, for DAR Committee sponsoring largest number of JAC Clubs; and third place for largest number of JAC members; first place in essay contest by Bowie School, grade 6-B in San Antonio, and Allie Perry Storm School, Grade 6-A in San Antonio.

First place in the poster competition went to grade 4-A, Bowie School, San Antonio, and the third to fifth grade students of Love Elementary School in Houston; second place in JAC poem contest to grade 6-B at Lorenzo de Zavala School in San Antonio.

Other Texas Winners
Honorable mention was received by four other entries from JAC Clubs in Texas, making a total of \$66 in cash prizes received on Texas JAC accomplishments.

Mrs. Horn expects to return to Corsicana from Washington on Tuesday.

Funeral Services For B. F. Carroll Held On Saturday

Funeral services for B. F. (Cotton) Carroll 59, native of Blooming Grove, who died in a Tyler hospital Friday following a stroke Monday, were held Saturday. Burial was in the Dresden cemetery.

One service was held in Tyler Saturday morning and the second was from the Corley Funeral Chapel here Saturday afternoon.

The rites were conducted by Rev. J. B. Sharp, associate pastor of the First Methodist church.

Carroll had been a Corsicana resident for many years, but had operated oil properties in Tyler and Kilgore since the early 1930s when the East Texas field was developed.

Surviving are his wife of Corsicana; four daughters, Mrs. H. Ferguson, Laredo; Mrs. Jack Megarity, Jr., Austin; Mrs. R. L. Gowan, Beaumont; and Miss Billie Dean Carroll, Corsicana; a son, B. F. Carroll, Jr., Tyler; eight grandchildren four brothers, Bill and Leon Carroll, both of Kilgore; Tom and Hugh Carroll, both of Corsicana; three sisters, Mrs. Clyde Gunn Houston; Mrs. Cordell Freeman, Fort Worth; and a number of other relatives.

Palbearers were Wilbur Thompson, Jack Thompson, Wilson Harding, Tyler; A. A. Garrett, Dallas; John O. Hughes, Dallas; R. L. Gowan, Beaumont; H. J. Ferguson, Laredo; and Jack Megarity, Jr., Austin.

Newly-Married Pair Now Making Their Home Here

Mr. and Mrs. Billy J. Williams, newly married couple, are at home at 1407 W. Sixth avenue. Before their marriage March 31, the bride was Miss Ruby Fincher, daughter of A. P. Fincher. Her husband is the son of Mrs. Lucille White.

The double ring ceremony was performed at the White home with the Rev. E. L. Craig, pastor of Eleventh Avenue Methodist church, officiating.

White carnations banked the mantel, framed by palms, before which the bridal principals exchanged vows by candlelight.

The bride chose a navy suit with matching accessories and wore a corsage of pink carnations.

Miss Nettie Fincher attended her sister. She wore a frock of pink crepe with navy accessories and a corsage of white carnations.

Billy Shivers of Dallas served as best man. Other out of town guests for the ceremony were Mrs. Shivers and Mr. and Mrs. Olan Grounds of Ennis.

An informal reception immediately followed the nuptials. Fernery and white carnations adorned the bride's table, where Mrs. Buddy Eaton served the tiered wedding cake and Mrs. Bertha Lansford presided at the punch bowl. Mrs. Travis Brown assisted.

The bride is a graduate of Corsicana High School, and the bridegroom, who also attended school here, is a graduate of Richland

2 Years Suspended Assessed By Jury In Fraley Trial

L. W. Fraley, 77-year-old Blooming Grove man, was found guilty of murder without malice by a district court jury Friday morning and was given a two-year sentence, but recommended it be suspended.

Fraley was tried on an indictment in connection with the fatal shooting of a neighbor, W. F. Hollifield, last August 8 in south Blooming Grove following a dispute over a boundary fence.

A. P. Mays, district judge, pronounced sentence and the defendant was released.

The case went to the jury Thursday afternoon, but the twelve men could not agree on certain testimony and a transcript of the defendant's testimony Wednesday night, 63 pages, was read them Friday morning by Judge Mays after it was transcribed by Leroy Barlow, court reporter. Fraley was on the witness stand one hour and 35 minutes and it required one hour and 52 minutes for the judge to read the transcript. The jury retired at 11:09 a. m. after hearing the evidence read and returned its verdict at 11:28 a. m.

Ant in connection with the case, day and the selection of a jury consumed most of Tuesday, with several witnesses taking the stand before adjournment. A night session of 3 1/2 hours was held Wednesday night in an effort to conclude the evidence, but one witness was used Thursday morning. A total of 49 witnesses testified and several were recalled.

Fraley was tried in January, but

Methodist Pastor Reports On Trip

A congregation that filled the sanctuary greeted the pastor, Dr. Erwin F. Schnitzler, at the morning hour Sunday following his return from a week spent in the National Capital in connection with a Methodist meeting and governmental affairs.

The pastor commented briefly on his trip and stated that he would make a fuller report at a later date. His sermon subject was "The Divine Prescription For Comfort," another in the series on faith in immortality. The choir under direction of John L. Gravelle sang an anthem.

Rev. James B. Sharp, associate pastor, presided and conducted the worship service. The pastor made a report on the progress of the building of the new Central Methodist church, and urged his listeners to assist in the financial effort to help finish the building.

At the night hour, the Rev. Mr. Sharp preached from the subject, "In Him Was Life."

The altar prayer service was observed. The Junior choir assisted in the music and a quartet composed of the pastor, Jack Haslam, Kelly McKeown and John Gravelle, sang a special number.

Navarro County Led State For Cotton Insurance

Navarro county led the state of Texas in the number of cotton crop insurance applications for 1950 it was announced Monday by Bob Clieque, secretary of the local Production and Marketing Administration office.

Application totaled 1,037. Clieque also reported that Navarro farmers led the entire nation in crop insurance sales made the last week of March.

The agricultural official attributed this mostly to educational and advertising activity.

THE NATION TODAY

By JAMES MARLOW

WASHINGTON, April 24—(AP)—The fight over keeping federal rent controls starts today in congress.

The present law ends June 30 unless congress votes before then to continue it.

President Truman wants the present law kept as is for at least another year, until June 30, 1951. The congress so far in a message Friday.

But real estate people can be expected to make a strong pitch for wiping the controls off the books.

The answer, they say, no law won't be known for weeks, until senate and house vote on it.

First come hearings by the banking committee of the senate and house which both sides can state their case.

The senate hearings start today. The house hearings open May 3. After the hearings the two committees make one of several recommendations to the full senate and house.

Keep the present law unchanged for another year or longer: Keep some kind of law, different from this: or wipe out all government controls.

If congress removes controls, that it will be up to the states and cities to set up their own controls, if they want any.

The president's idea can be stated simply: He doesn't want government controls lifted suddenly; he says he wants them lifted gradually, as provided in the present law. Why gradually?

Because, he says, the demand for housing is still greater than the supply. He says he wants controls kept until supply meets demand.

Here are some of the main features of the present law.

1. The government's housing expediter, in charge of controls, can sue a landlord for treble damages if he violates the law. (Previously, the tenant had to sue, the government couldn't.)

2. The housing expediter has control over evictions. A landlord who wants to oust a tenant must get the expediter's okay first. (Previously, the landlord could go to his local court to get approval for throwing out a tenant; the housing expediter had no say.)

3. The housing expediter can force a landlord to show his books to prove he had the expenses he claims when asking permission to raise rents. (Previously, the landlord didn't have to show his books.)

4. Landlords can get permission to raise rents if they are not earning a fair net operating income. If they've made no improvement, and so on. (There have been 5,000,000 rent increases since rent controls were first established in 1942.)

5. The expediter must, end government controls whenever a state wants to do its own controlling, or when the legislature votes to end controls in that state, or when a city or town votes to be de-controlled.

6. The expediter can also decontrol by himself whenever he decides there's enough housing to meet the demand in any community, or when the local rent advisory board, made up of volunteer citizens, advises decontrol.

In the past year the expediter has decontrolled 532 cities, about 249 cities, towns and villages have voted controls off themselves.

Wisconsin took over its own controls last August. The State of New York will do its own controlling job, starting May 1.

The state legislature of Alabama, Virginia, Nebraska and Texas have voted an end to government controls in their states. And Utah and Arizona were decontrolled in the past year by joint action of the expediter and the cities in those states.

That leaves 40 states still under federal controls, in whole or in part. About 8,000,000 dwelling units will still be under control by June 30 when the present law is due to die.

The control peak was reached in 1946 when 16,000,000 dwelling units were under the government's say-so.

Good Services Reported Sunday Emmanuel Church

Rev. Wilson M. Lomas, pastor, rought both messages Sunday at the Emmanuel Baptist church. His subject Sunday morning was "The Testimony of the Redeemed." C. R. and Jimmie Nell Atkinson of Bay City were visitors Sunday with Jimmie Nell being pianist for the services.

The church has adopted a visitation program and the teachers and officers will visit the absentees.

WMU and Brotherhood meets at the White's Chapel Center Wednesday at 7:30 p. m., followed by the prayer service.

Work on the new church building continues each night.

Don't Worry!

By W. P. BROWN
Of Johnson's Pharmacy

There should be a health campaign against worry, for it is one of the most prevalent diseases. The damage it does to both mind and body is not measurable.

Worry has never solved one single problem! More often it merely takes energy that is needed for the action that will set things right.

This is especially true in the matter of health. If you will consult your doctor he can tell you if anything is wrong and help you correct it. By placing your health care in such capable hands, your mind will be free to help your body get well.

This is the 237th of a series of editorial advertisements appearing in this paper each Monday and Tuesday.

North Side Baptist Church Attendance Good On Sunday

The attendance was good in each department of the church on Sunday at the North Side Baptist church. There were 280 in Sunday school with 98 in the Training Union. The Sunday school is making plans for the V.B.C. and summer camp.

On Wednesday evening of last week the church voted to purchase a cabin at Latham Springs encampment grounds to care for the boys and girls who attend the encampment each summer.

The All-Church Night program on Wednesday evening will feature the week's activities. Two periods of visitation on Thursday, 9:30 in the morning and 7:15 in the evening. Youth fellowship is scheduled for Saturday evening at 7:30.

Sunday Services At Baptist Mission

There were 48 present at Sunday school and 26 present at Training Union in First Baptist church Mission Sunday.

A Young People's Union was organized with Bernie Parker as sponsor. W. M. U. meeting at 3:30 p. m. Thursday with Bible lesson taught by Mrs. Smotherman and Children's Bible story lesson taught by Mrs. Virgil Williamson. Prayer meeting at 7:30 p. m.

Ground Party Reaches Scene Of C-54 Crash

TOKYO, April 24—(AP)—A 23-man graves registration team late today arrived at the wreckage of a U. S. Air Force transport plane in which 35 Americans were killed Friday night on Mt. Hirugatake.

They planned to identify and bring down the bodies, probably Tuesday.

The U. S. Army called for 130 Japanese to help.

There were no survivors. The dead included Frank E. Pickle, 40, Chicago, chief of General MacArthur's foreign trade section, and Capt. John C. Jones, chief of staff of U. S. Naval Forces in the Philippines.

The Douglas Skymaster (C-54) plowed into a massive shoulder of the 4,800 foot mountain, 37 miles southwest of Tokyo, during a wind and rainstorm. It was en route from Manila to Tachikawa airbase near Tokyo.

Old Tandy Ranch Fire Is Revived

CANADIAN, Tex., April 24—(AP)—A stubborn prairie fire which fire fighters once thought they had extinguished burst into flame again today on the old Tandy ranch. Shifting winds apparently gave new life to the blaze, one of several which raged over about 37 sections of dry grassland over the week-end in Hemphill, Roberts and Gray counties in the Panhandle.

Discouraged Hog Porker In Move To Leave City Is Hit-Run Victim

A cuffed hog, apparently discouraged by the proposed anti-live stock ordinance before the city commission, took the easy way out Sunday night and as a result was run over by a car.

The police report says that the hog was run over at the intersection of South Thirty-first street and West Seventh avenue. The report was made by a man who gave police the license number of the car which didn't stop.

Four officers, Steele, Wright, Kelly and Higinbotham, were dispatched to the scene. The hog was so badly injured it had to be killed.

Officers said the hog was ready to leave as it had its pigskin bag packed.

An unusual circumstance in the case is that the car license given as the one that hit the hog is the same license number given for a motorist who was arrested for speeding Sunday.

Annual Ex-Students Association Of IOOF Home Met During Week-End

The annual Homecoming celebration of the IOOF Home Ex-Students Association was held in Corsicana during the week-end. The banquet was held at the Navarro Hotel Saturday night with Wilson (Svend) Dees, Longview High School coach, president, in charge. There were 82 present. Students of the Home presented the program. Officers were elected at the business sessions held at the Home Sunday morning, followed by a barbecue-picnic on the grounds of the institution. Wash Campbell of Dallas was elected president, succeeding Dees. Other officers are Millie McKanna Crady, Dallas, vice president; Liz Hubbard Burns, Dallas, secretary;

treasurer; and Dr. H. L. Stewart, Navasota, and Millie Sue Doolin, Commerce, representatives to the grand lodge, IOOF, of Texas. Dr. H. L. Stewart is chairman of the board of trustees of the grand lodge and the Home. Robert C. Reeder of Corsicana was in charge of local arrangements. The exes also visited the new building for the pre-school youngsters, provided by San Antonio Lodge No. 11, and the renovated girls dormitory—representing the expenditure of more than \$50,000 by the Order at the Home this year. The two building projects are slated to be completed within a short time.

Airlift Veteran Killed In Crash

ARMORE, Okla., April 24—(AP)—A veteran of the Berlin airlift was burned to death when trapped in a light civilian airplane which crashed near here. His companion was saved from death by witnesses who pulled him from the ship.

Dead was Master Sgt. Robert Shearing, 25, who returned to the States from Europe six months ago and was visiting relatives at nearby Healdton, Okla.

Charles McGee, 36, Healdton garage owner and Shearing's brother-in-law, suffered serious injuries in the crash.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

TEXAS TODAY

By WILLIAM C. BARNARD
Associated Press Staff

It wasn't raining. The boy was wearing galoshes because he had worn out his only pair of golf shoes and when you smack a golf ball you don't want your feet to slip.

His name was James William Cook, just turned 13, and everybody at the Piney Woods Country Club at Nacodoches, Tex., knows him as Bill Cook. His dad, J. E. Cook, is manager of the club, and young Bill is a golfing sensation in East Texas.

"I want you to hit a few for this fellow, Bill," the Elder Cook told his son.

Doesn't Resemble Golfer
Bill didn't say anything, just got his golf clubs and a bag of balls and went out on the fairway, a very fine fairway, incidentally, heavily bordered with towering pine trees.

He didn't look 13 and certainly didn't look like a golfer. He is only five feet tall and weighs only 90 pounds, a sturdy little chap with grey-blue eyes and sandy hair. And then Bill hit the first ball, hit it with amazing ease and naturalness and a beautiful follow-through, and it went right down the center of the fairway, for better than 200 yards. That was just a starter. The boy hit two dozen more balls. Every one went right down the center—every one perfectly hit. It was like watching a machine.

"Is that enough, dad?"
"That's enough," said the elder Cook. And then the father told us: "Soon as Bill gets bigger and stronger he'll get more distance. So far, his longest drive is 245 yards. When he can get distance, he'll be a golfer!"

Bill began caddyding when he was 10 and still does. A year later he

Fellowship Baptist Church Had Full Day On Sunday

Fellowship Baptist church enjoyed a full day Sunday. There were 156 in Sunday school and 98 in B.T.C. Rev. Obie F. Barton, pastor, preached at both services. The subject in the morning was "I Will Come Again." Sunday night's subject was "Who Will Not Go To Heaven." Rites of baptism were administered to one man.

Wednesday night prayer services begin at 7:30. Rev. Jack Bell will be in charge. Rev. Obie Barton will be in Big Spring this week in a revival meeting. Visitors have a warm welcome to all of the services.

was playing a bit. In six months he was breaking 100 for 18 holes. Six months later he was shooting regularly in the low sixties. He was 11 when C. D. Thomas, Jr., Say Hayter, Jr., and Royce Beall of Nacodoches took him to an invitational tournament at Jacksonville and entered him. He won his first match—against a boy of 12—but lost the second. Since then he had won matches in invitational tournaments at Palestine, Lufkin, and Henderson. At Palestine, last year he got as far as the semi-finals before he was beaten. And he beat four men to win the first flight trophy in the Nacodoches club tournament last year. Bill was 12 then. Here are his 36-hole scores for that tournament: 81, 75, 83 and 80.

Pride of Piney Woods
Young Bill is the pride of the Piney Woods membership. "Never saw anything like that boy pitches and putts," C. D. Thomas, Jr., told us. The elder Cook said: "Bill doesn't pay any attention to pressure in tournament play. I don't think he has any nerves. He ever blows up."

Bill is in the seventh grade—makes straight A's. Never had a golf lesson in his life.
"What do you want to be when you grow up, Bill?"
"I'd like to be a pro if I can learn to be a good golfer."
"Don't you get tired, playing 36 holes in these tournaments?"
"Now," said Bill. "Why should I get tired? Someone else is carrying the clubs."

Leon Taylor Is Crowded Sunday By John Copeland

Second Round To Be Concluded During Week

Contestants in the Corsicana Country Club golf tournament completed their first round play Sunday, despite showers that interrupted the matches occasionally.

Two second round matches were played, and the fourth flight winner was determined. Probably the best match of the day in the championship flight was that between Leon Taylor of Tyler last year's runner-up and twice champion, and John Copeland, who had Taylor 1-1 through 13 holes, but Taylor rebounded to take the match, 2 and 1.

Lonnie Beasley, a strong contender for the title in recent years, won his first match from R. L. Arnold, 3 and 2, but went down before Lewis Davis Sunday, 3 and 2 in their second round match. Beasley's first nine holes were bad, and he rallied to par the last seven cups, but still lost.

In other second round matches, J. F. Adams disposed of Silas Fry, 1-up in the first flight, and Bob Wheelock downed Claiborne Simpson, 2 and 1.

The short, four-man fourth flight crowned a winner in Tom Eady, who beat Russell Purfoy Jr., 3 and 2.

Second round play in the tournament is to be concluded this week. **FIRST ROUND RESULTS**
Championship Flight
Gilbert Stubbs beat Alex Hickey, 3 and 2.
Bill Coulson downed Paul Brace, 2 and 1.
Rip Lang defeated Buck Woolley, 2 and 1.

Leon Taylor won over John Copeland, 2 and 1.
Lonnie Beasley won from R. L. Arnold, 3 and 2.
Lewis Davis won from R. A. Brown, 2-up. (David defeated Beasley in second round play, 3 and 2.)
Wynne Woolley took a decision over Lynn Adams, 3 and 2.
Jack Stroube won from Willie Harmon, 4 and 3.

First Flight
J. F. Adams won from Kay Tatum, 4 and 3.
Silas Fry beat Bill Bruce, 3 and 2 (Adams beat Fry, 1-up in second round play).
R. L. Stroube, Jr., won from Johnny Garner, 2 and 1.
David Woolley downed Ed Willis, 3 and 2.

Second Flight
Claiborne Simpson won from Day Walker, 1-up.
Bob Wheelock beat Lynn Britton, 3 and 5. (Wheelock won from Simpson in the second round, 2 and 1).
W. D. Lamb beat Bill Clarkson, 3 and 2.

Third Flight
Ralph Stell beat Scott Lowry, 3 and 2.
Ray Waller won over Chat Need, 2 and 1.
R. L. Stroube, Jr., beat Chas Hobbs, 1-up, 21 holes.
W. B. Beebe won from David Criddle, 2 and 1.

Fourth Flight
Russell Purfoy, Jr., beat Tom Eads, 2-up.
Tom Eady downed Jack Love, 3 and 2.
Eady beat Purfoy in the finals, 3 and 2.

NEW YORK STOCK EXCHANGE

By The Associated Press

NEW YORK, April 24.—(AP)—Stocks today in a selling wave that swept through the market in a matter of minutes and then was gone.

A slow recovery regained fractions of the losses, but the list never got back on its feet.

Rails were hardest hit with strike developments uppermost in the minds of market men. American Telephone lost more than 2 points at times, and Chrysler was down more than a point, both reflecting strikes.

Armco Steel was up around a point at a new high, after directors declared a quarterly dividend on common of 75 cents as against 62 1/2 cents previously paid.

Lower were Republic Steel, Goodrich, J. I. Case, Schenley, Philco, Motorola, Consolidated Natural Gas, American Smelting, American Cyanamid, Dow Chemical, American Can, General Electric, Santa Fe, Southern Railway, Nickel Plate, Standard Oil (N.Y.), Celotex, and International Nickel.

There were a few higher inclusions, Mack Trucks, Youngtown Sheet & Tube, Douglas Aircraft, United Aircraft, United Radio, Allied Chemical, Dome Mines, and Western Union.

The curb market also felt the selling pressure and decided prices. Lower were Raytheon Manufacturing, Royalite Oil, Sentinel Radio, United Light & Railways, United Shoe Machinery, Niagara Hudson Power, Hides Sales, Claude Neon, Farnstead Metalurgical, Humble Oil, and Muter Co.

MRS. LOUIS W. KARIEL, JR.

AUDREY DANIELS AND LOUIS W. KARIEL, JR., EXCHANGE VOWS AT TEMPLE BETH-EL

Temple Beth-El was the scene of a wedding of distinctive beauty Sunday afternoon when Miss Audrey Daniels, daughter of Mr. and Mrs. George Daniels, became the bride of Louis Weisman Kariel, Jr., son of Mr. and Mrs. Louis W. Kariel of Marshall with Rabbi Levi A. Olan of Temple Emanu-El of Dallas as officiant for the impressive double ring ceremony.

Fashioning a background for the rites were woodwardia palms and other seasonal greenery, highlighted by myriad white tapers in gold floor candelabra that cast a candlelight glow over the setting. Huge fan-shaped arrangements of white and yellow gladioli and calla lilies in matching gold urns were silhouetted effectively against the background of greenery, and clusters of feathery fern tied with white satin ribbon marked the bridal aisle.

Mrs. M. S. Dockum was at the organ for a prelude of prenuptial melodies, and played accompaniments for Mrs. Claude White who sang "Through the Years" and "Because." The traditional wedding marches by Wagner and Mendelssohn were used as processional and recessional.

Given in Marriage by Father. The bride, given in marriage by her father, wore a gown of ivory duchess satin styled with a nude illusion yoke, sculptured bodice, and long, tight-fitting sleeves. The very full skirt, which swept into a voluminous cathedral-length train, had a panel of Chantilly-type lace with flower appliques of the lace from waistline to hemline. These were embroidered with iridescent sequins and pearls. Her veil of ivory imported French il-

Mrs. DeGeorge And J. A. Russo Wed In Houston

Mrs. Rose DeGeorge of Corsicana and J. A. Russo of Houston were married Saturday morning at 8 o'clock at the Queen of Peace Church, Houston. The Rev. M. C. Natzon officiated in the double ring rites.

Mr. and Mrs. Steve Palmeri of Corsicana are parents of the bride. Her husband is the son of Mrs. Ben Russe of Houston.

Mr. and Mrs. S. J. Palmeri of Houston, brother and sister-in-law of the bride, attended the couple.

The bride chose a navy blue tulle suit, white kid gloves and other accessories in navy blue. She wore an orchid corsage.

Mrs. Palmeri wore a frock of beige crepe with navy blue accessories and a corsage of Tallman roses.

Immediately following the ceremony, a breakfast was served at the home of the bride's uncle and aunt, Dr. and Mrs. A. J. Chicodo.

Upon their return from a wedding trip to New Orleans, Mr. and Mrs. Russo will be at home at 2040 Des Jardines, Houston.

The bride formerly was employed by Texas Power and Light company in Dallas. Her husband is associated with the American Dental Laboratory in Houston.

The bride's mother, Mrs. Palmeri, was an out-of-town guest for the ceremony.

and Mrs. Joe Miller of Houston.

Wedding Supper. After the reception, Mrs. Louis Goldberg entertained at her home with a colorfully appointed supper honoring the wedding party and out-of-town guests. Snapdragons and carnations, in pastel shades adorned the buffet table.

Rehearsal Dinner. Hostesses for the rehearsal dinner, which was held at Kinsloe House on Saturday evening, were Mrs. Jay Davis of Galveston, Ben Levy, Louis Goldberg and Dave Kamen of Athens.

Pink snapdragons, and carnations in three shades of pink, in a silver bowl provided a center decor for the festive board where covers were laid for members of the wedding party and out-of-town guests.

Ex-Students of IOOF met in banquet session at the Navarro Hotel Saturday evening, and business sessions were held at the IOOF Auditorium Sunday.

WEDDING DATE SET—Mr. and Mrs. Jesse J. Wallace have announced the approaching marriage of their daughter, Miss Joyce Wallace of Austin, to John H. Smith, son of Mr. and Mrs. George S. Smith of Diboll. The nuptials will be performed June 3 at the church at the State Home. The bride-to-be is a graduate of Gatesville High school and the Four C Business College at Waco. Her fiancé was graduated from Diboll High school, later receiving his BS degree at Baylor University. He now is attending the School of Pharmacy, Texas University. Mrs. Neomi Collins Allen of Denton will attend the bride-elect, and A. B. Smith of Dallas will serve his brother as best man. Music for the ceremony will be provided by Miss Juanita Cass, vocalist, and Miss Jeanne Crawford of Blooming Grove, pianist.

Bulldogs Place In Paris Track Meet On Saturday

Navarro Junior College's track and field team won one first place, one second and two fourth places in its practice meet Saturday in Paris against Kilgore, Tyler, Paris, and North Texas colleges.

Alon McCormick of Blooming Grove took the only first place for Navarro, coming out ahead in the 120 yard high hurdles. Time for the race was not available.

D. L. Orr of Kerens ran a fine race in the 440 yard dash, coming in second.

Don Granger of Conroe took fourth in the mile run, and Clay Davis of Gatesville took fourth in the discus, to end the Navarro boys who placed against the strong competition.

The meet was the first of the year for the Bulldogs, who have been hampered in their workouts by the almost constant rain that has deprived them of a place to run.

Coach Ken Clark said that he has invitations for practice meets this week from Weatherford and Kilgore, and that he will accept one of them.

Mrs. J. K. Bradley of Rice, who visited in Corsicana Saturday, left today for Madisonville to attend the Twelfth District PTA convention.

The bride's mother wore a floor-length formal of mauve lace with pink accessories and a pink-tipped orchid. The bridegroom's mother chose a floor-length dress of rose crepe with matching accessories and an orchid corsage.

Informal Reception. Receiving with Mrs. George Daniels and Mrs. Louis W. Kariel at the reception at Kinsloe House were the bride and bridegroom and other members of the wedding party.

The bride's table gave accent to a white, silver and yellow theme, with white carnations, stock and Souvenir roses in an antique silver wine cooler mirroring their beauty in the polished surface of the table. Tall yellow tapers in silver candelabra provided illumination for the scene.

Mmes. Edwin Daniels and Jay Davis of Galveston presided at the white satin-iced double-ring cake, which was embossed with sugary spun yellow roses and white orchids, and whose outstanding decorative feature was a sugar-spun replica of the bride's party.

Miss Janice Levy served frosted punch and Miss Louise Friedman of Dallas and Mrs. Sue Cummins assisted with the china and silver. Mmes. Ben Levy, Louis Goldberg, Albert Daniels and Dave Kamen assisted in hostess duties, and Mrs. Daniel Levy registered the guests in the bride's book.

For a wedding trip to New Orleans, La., the bride wore a navy gabardine tulle with navy and white accessories and a corsage of white orchids.

The bride was graduated from Corsicana High School and attended the University of Texas where she was a member of Alpha Epsilon Phi sorority. The bridegroom was graduated from Marshall High School, and received his degree in electrical engineering at the University of Texas last June. He was a member of Phi Sigma Delta fraternity.

Mr. and Mrs. Kariel will make their home in Marshall.
